Neuronal Signaling Lamination Sheet

1. Signaling Molecule
   - Excitatory
   - Inhibitory

2. Neuronal #1 Activity
   - Increase
   - Decrease

3. Neurotransmitter: ____________________

4. Neurotransmitter Released
   - Excitatory
   - Inhibitory

5. Neurotransmitter Amount
   - Increase
   - Decrease

6. Neuron #2 Activity
   - Increase
   - Decrease

7. Neurotransmitter Amount
   - Increase
   - Decrease
